Travel Guidelines

Domestic Travel Requirements: Passengers 18 years of age or older are required to have government-issued photo identification for travel within the United States. However, you may be required to present proof of age (such as a birth certificate or student ID) at the airport for any children under the age of 18 who are traveling with you. Children under the age of 18 traveling with an adult are not required to show ID at time of check-in.

International Travel Requirements: Each passenger traveling across any international boundary is responsible for obtaining all necessary travel documents and for complying with the laws of each country flown from and into the United States.

Checked Baggage: Many airlines now charge a fee for checked baggage. Please be sure and check with the carrier you are using for their specific policy. You will also want to ask about restrictions regarding carry-ons.

Van Rental: You will encounter an age limit at every car rental company. The age restriction can vary between 18 and 25, but is usually 25. Some companies will provide some early 20 somethings an opportunity to rent, but will charge an extra fee to those who are younger. The rental company will need a credit card guarantee or even a deposit for services. The credit card must be in the name of the renter as well as a valid drivers license.

Coach Charter: If air travel is outside your budget, contact WVTT about coach travel from your city or even check into sharing a coach with another team. A minimum of 20 people would be required for a coach charter.
